RISK MANAGEMENT SOLUTIONS

Employee Handbook Builder

BLR's Employee Handbook Builder is a completely browser-based system, unlike software products that require you to download files on to your desktop. With Employee Handbook Builder, you can build, access, and update your handbook from any computer with a browser and an internet connection. Applicable state and federal policies are reviewed by Jackson Lewis P.C. and are updated throughout the year. Your handbook is hosted on our secure servers and can be made available over the web to employees with real-time updates that you provide.

Safety Toolbox Trainer

Safety Toolbox Trainer is the one-stop solution for busy safety professionals who need to keep up with their management and compliance obligations on-the-go. Schedule your OSHA safety meetings and manage your work-related notes all from one convenient program.

Find out today how BLR's expansive portfolio empowers you and your organization to provide best-in-class services to your clients.
